

PROPOSAL FOR GENERATION OF ELECTRICITY FROM BIOGAS, FERTILIZER PRODUCTION, RDF COMBUSTION PLANT INSTALLATION AND SERVICE SUPPLY

1. SCOPE OF SUPPLY

- 1- Provision of necessary equipment and services for the production of fertilizer from household waste, RDF combustion plant and electricity generation plant

2. INSTALLATION OF SOLID WASTE DISPOSAL AND ENERGY GENERATION EQUIPMENT AND SERVICES

- 2.1. Main Separation Plant
- 2.2. Biogas Production Facility
- 2.3. Electricity Generation Facility
- 2.4. Fertilizer Production Facility
- 2.5. RDF Combustion Plant
- 2.6. Administrative building
- 2.7. Lab
- 2.8. Infrastructure Works
- 2.9. Facility Automation and Electrification (Equipment and Works)
- 2.10. Commissioning, Project Preparation Services

NOTE: See Appendix 1 for details.

3. PRICE

1	Installation of Solid Waste Disposal And Energy Generation Equipment And Services (Included Sivil Works, Piping and Transportation)	€XX.000.000 It depends on the quantity of wast and capacity of the plant
